ATTORNEYS AT LAW

A Client-Centered Commitment to Excellence

Fidelity

We regularly represent our clients in actions arising from fidelity losses. Our fidelity clients call on us to assist them in Financial Institution Bond, Commercial Crime, and Employee Dishonesty claims. Our representation includes advising clients whether a policy or bond covers a potential claim, investigating potential claims, and litigating claims through trial and appeal. We have handled claims involving tens of millions of dollars and some of the most complex and sophisticated fraud schemes imaginable. We also assist our fidelity clients in recovering assets that have been fraudulently misappropriated by dishonest employees. Our attorneys are nationally-recognized authors and speakers on fidelity topics, and are members of various industry organizations that focus on the development of fidelity law. They are recognized national speakers on virtually all fidelity topics.
